

# BABY DOLL LILY

Meet baby Lily. Give her a hug and care for her. Lily is an adorable and lifelike doll, with a soft and cuddly body, that loves to be loved. You can change her clothes, help her go to sleep, and calm her down with the pacifier. When she's hungry, offer her the milk bottle. Children love to mimic everything their parents do, and this baby doll will inspire your little one to engage in nurturing and caregiving role-play. Lily wears a hairband, long-sleeved dress in the Rosy Meadows design, styled with pink ribbed pants. Changing her clothes promotes fine motor skills, and the pacifier and milk bottle add an element of interactive play.
