

RAIN RATTLE FOREST FRIENDS FSC

Shake and rattle! Turn the rain rattle and listen to the soothing sound of the balls moving from one side of the rainmaker to the other. It stimulates the sensory development and musical talent of your baby. The balls fall through small openings in the tube and rotate the propeller, resulting in a pleasant sound. The rain rattle is designed for little hands and is comfortable to hold. The wooden top and bottom are decorated with an illustration of a little fox and a pair of mushrooms from the Forest Friends collection.
